

AUSTRALIAN TERRIER HEALTH QUESTIONNAIRE

As requested by the Kennel Club, the Australian Terrier Club of Great Britain and the Southern Counties Australian Terrier Club have decided to collaborate on a Health Questionnaire, and have therefore set up a Joint Health Committee. To ensure the best possible response it is proposed that the questionnaire will be anonymous.

The provision of data is optional. We are not aware of any major recurring health problems within the breed and would obviously like to keep it that way. However we are aware that certain problems can occur from time to time and therefore your input would be very useful.

If you have more than one dog please complete a separate form for each dog owned.

The following data is required in all cases (please circle the relevant answer)
